SUMMARY

Flutter Developer with 2 years of experience building cross-platform applications for Android, iOS, and web using Dart and Flutter. Skilled in state management (GetX, Bloc, Riverpod), Firebase integration, RESTful APIs, and implementing Clean Architecture and MVVM to ensure scalable and maintainable code.

EXPERIENCE

. Flutter Developer

Soha Modern

April 2023 – May 2024, Yazd, Iran

- Developed a cross-platform mobile application for Android and iOS using Flutter and Dart.
- Built both user and admin panels for a gold trading app, enabling users to buy/sell gold and view real-time market prices.
- Implemented state management and data handling using tools such as GetX and Firebase for seamless and responsive performance.
- Collaborated closely with the backend team to integrate RESTful APIs and ensure accurate, up-to-date pricing data.
- Contributed to a successful end-to-end delivery of the project, meeting functional and UI/UX requirements.

. Flutter Developer & Co-founder

EOne

Personal Project – Sep 2024 – Present

- Co-founded a startup focused on food services.
- Designed and developed UI panels for users, restaurants, and admins using Flutter and Dart.
- Applied clean architecture principles and scalable UI design to support future backend integration.
- Currently seeking backend collaboration to complete MVP and launch publicly.

EDUCATION

Bachelor of Science in Computer Science

Azad University · Yazd, Iran

Expected Graduation: July 2025

CGPA: 3.7

SKILLS

Dart, Flutter, Firebase, Firebase Studio, Android Studio, Xcode, Version Control (e.g., Git), RESTful APIs, MVVM, Clean Architecture, GitHub, state management (GetX, Bloc, Riverpod), Agile Methodologies, app performance optimization, testing frameworks, CI/CD; strong communication, teaching, teamwork, management.
